概要

本文档将介绍名为 Evangelion Japanese Font Metric（下简称为“Eva-JFM”）的 JFM 文件。其适用于简体中文（以下简称为「简中」）、繁体中文（以下简称为「繁中」）及日文字体。旨在提供一个充分利用 Lua_T_EX-j_a 的 `priority` 特性，基于标准 [1] 的同时，能够支持一些罕用特性的 JFM 文件。文档使用中文及西文撰写。

This document introduces a JFM file named “Evangelion-JFM” (hereinafter referred to as “Eva-JFM”). It supports Simplified Chinese (hereinafter referred to as “SC”), Traditional Chinese (hereinafter referred to as “TC”), and Japanese (hereinafter referred to as “JP”). It aims to provide a JFM file that takes full advantage of the `priority` and other powerful features from Lua_T_EX-j_a, supporting the well-accepted standards, and to support some rarely-used features. This documentation is written in both Chinese Simplified and English.
